适用场景

- 适用于VMware vSphere 9.13P1的ONTAP工具(OTV)
- Storage Replication Adapter (SRA)

问题描述

在对包含SnapMirror同步(SM-S)关系的恢复计划执行计划内迁移操作时、出现以下错误：

```
Failed to promote replica devices. Unable to break replication relationship of the device as apart of failover. Ensure that the SnapMirror relationship exists for the device and that the relationship status is either SnapMirrored or
```

quiesced.
