

Trident 无法在配置 SVM-DR 的 ONTAP 上创建卷

https://kb-cn.netapp.com/Cloud/Astra/Trident/Trident_Fails_to_Create_Volumes_on_ONTAP_with_SV...

Updated: Wed, 22 Apr 2026 09:48:31 GMT

适用于

- Trident 26.02.0
- 存储虚拟机灾难恢复 (SVM-DR) 环境

问题

- 更新 Trident 后，尝试通过 Trident 创建新存储卷失败。在 Trident 控制器日志中观察到以下错误：

'NetApp provides no representations or warranties regarding the accuracy or reliability or serviceability of any information or recommendations provided in this publication or with respect to any results that may be obtained by the use of the information or observance of any recommendations provided herein. The information in this document is distributed AS IS and the use of this information or the implementation of any recommendations or techniques herein is a customers responsibility and depends on the customers ability to evaluate and integrate them into the customers operational environment. ```
level=warning msg="Failed to create the volume on thispool." backend=nas-csi
... error="backend cannot satisfy createrequest for volume ... error creating
volume: job ... not yet done"
```

```
level=error msg="GRPC error: rpc error: code=Unknowndesc=encountered error(s)
in creating the volume: [Failed to create volume ...backend cannot satisfy
create request ... error creating volume: job ... not yet done]"
```

- ONTAP CLI 尝试修改 SVM 聚合列表返回：

```
Error: command failed: The MetroCluster or Vserver DR Configuration Replication
Service is recovering. Issue the "metroclustercheck config-replication show-
instance" command or the "snapmirrorconfig-replication status show" command and
follow its guidance. If thereis no guidance, wait a few minutes and then try
the command again.
```
