适用于

Active IQ Unified Manager (AIQUM) Windows

问题

- 虽然 NetApp Active IQ Acquisition Service (ocie-au) 状态为 Running，但 NetApp Active IQ Management Server Service (ONCOMMANDSVC) 意外停止。
- 即使手动启动 ONCOMMANDSVC，服务也会在几秒钟内再次停止。
- server.log (默认路径：C:\ProgramData\NetApp\OnCommandAppData\ocie\log\jboss\

server.log) 报告致命错误：

```
INFO [org.jboss.modules] (main) JBoss Modules version 2.0.2.Final
FATAL [org.jboss.as.server] (main) WFLYSRV0239: Aborting with exit code 1
```
