

从 ONTAP 9.5P18 升级到 9.7P17 后，FPolicy 会阻止所有流量

https://kb-cn.netapp.com/onprem/ontap/da/NAS/After_ONTAP_upgrade_FPolicy_blocks_all_traffic

Updated: 周四, 18 4月 2024 14:10:19 GMT

适用场景

- ONTAP 9
- 外部 FPolicy (Commvault)
- 防火墙

问题描述

启用 FPolicy 策略后，外部 FPolicy 引擎不会连接到 SVM (SVM)

```
::> vserver fpolicy enable -vserver <vserver> - policy-name <policy-name>  
-sequence-number <sequence-number>
```

```
::> vserver fpolicy show-engine -fields server -server-status disconnected
node      vserver      policy-name  server
-----
<node>    <vserver>      <policy-name><server>

::> vserver fpolicy show-engine -server <ip-address> -instance
      Node: <node>
      Vserver: <vserver>
      Policy: <policy>
      Server: <ip-address>
      Server Status: disconnected
      Server Type: <server type>
      Time FPolicy Server was Connected: -
      Time FPolicy Server was Disconnected: <date\time>
      Reason for FPolicy Server Disconnection: TCP Connection to FPolicy server
failed.
      ID for FPolicy Server Disconnection: <id>
      Session ID: -
```
