## StorageGRID设备节点安装在配置卷阶段失败

[https://kb-cn.netapp.com/hybrid/StorageGRID/Platforms/StorageGRID\\_appliance\\_node\\_installation\\_fail...](https://kb-cn.netapp.com/hybrid/StorageGRID/Platforms/StorageGRID_appliance_node_installation_fail...)

Updated: 周五, 11 7月 2025 14:57:37 GMT

### 适用场景

- StorageGRID 11.x
- SG6060

### 问题描述

- 在Monitor安装下、StorageGRID安装将在此期间失败Configure volumes stage with error `fatal() takes exactly 2 arguments (3 given)`
- 在设备安装程序的主页选项卡中、出现警报 "At least one unconfigured storage shelf has missing, faulty, or marginal drives. Use SANtricity System Manager to check and resolve the issue or download logs for more details."
