ONTAP 9.8升级已中止、任务为"feature API license upgrade/revert task"

适用场景

ONTAP 9.8

问题描述

- 任务ID 1241上的ONTAP 升级中止：

```
::*> system node upgrade-revert show -node cluster-n01

Node: cluster-n01              Status: aborted

Status Message: The upgrade aborted in the "post-apps" phase on task
"Feature API license upgrade/revert task". Contact support personnel for
```

```
    the upgrade repair procedure.

    Vers Phase      Status   Upgrade Phase Status Message
    ---- ---------- --------
    ------------------------------------------------------
    ...
    1200 pre-root   applied  No upgrade is required for this phase.
    1200 pre-apps   applied  Upgrade successful.
    1200 post-apps  aborted  entry doesn't exist
```

- 在MGWD中会显示以下消息

```
    00000036.00007197 0001a2d0 Thu Jan 07 2021 14:43:42 -06:00
