

## AIQUM数据库备份失败、并显示错误"没有足够的可用空间来启动备份"

[https://kb-cn.netapp.com/data-mgmt/AIQUM/AIQUM\\_Kbs/AIQUM\\_database\\_backup\\_failing\\_with\\_error...](https://kb-cn.netapp.com/data-mgmt/AIQUM/AIQUM_Kbs/AIQUM_database_backup_failing_with_error...)

Updated: 周五, 11 7月 2025 08:17:44 GMT

### 适用场景

适用于Linux和OVA的Active IQ Unified Manager (AIQUM)

### 问题描述

- Active IQ Unified Manager数据库备份失败、并显示以下错误：  
`Reason: Not enough free space in /data/ocum-backup/ to start backup.`
- 在`ocum-error.log`和`ocumserver.log`中观察到以下错误：  
`[Create backup|BACKUP_CREATE] [c.n.o.r.c.s.tasks.CreateBackupTask] Error occurred in Regular Backup`  
`Job:com.netapp.dfm.impl.backup.BackupCreationException: Not enough free space in /data/ocum-backup/ to start backup.`
