Updated: 周五, 11 7月 2025 07:34:08 GMT

适用场景

- SnapCenter 4.x
- 适用于SQL Server的SnapCenter插件

问题描述

SnapCenter SQL 备份完成、并显示警告：

- `Unable to find SnapMirror destination(s). Error: No SnapMirror relationships were found. Resolution: Please make sure that secondary storage systems are`

```
registered and host can resolve them correctly.Unable to find SnapVault  
destination for the source volume(s) <svm>:<volume>
```
