

StorageGRID来说、升级预检会报告网格拓扑中存在归档节点

https://kb-cn.netapp.com/hybrid/StorageGRID/Maintenance/StorageGRID_11.9_upgrade_precheck_re...

Updated: Fri, 17 Apr 2026 02:55:47 GMT

适用场景

StorageGRID 11.8.升级到StorageGRID 11.8.

问题描述

在将StorageGRID从版本11.8升级到版本11.3时、在归档节点已弃用预检期间可能会看到以下错误消息：

- The following Archive Nodes have been detected: <Archive Node hostnames>. Archive Nodes were deprecated in StorageGRID 11.7 and must be decommissioned in StorageGRID 11.8, before upgrading to StorageGRID 11.9. See Considerations for Archive Node in the Decommission Nodes section of the StorageGRID 11.8 documentation, and also the StorageGRID 11.9 upgrade instructions when they are available.
