Updated: 周三, 09 7月 2025 14:38:25 GMT

### 适用场景

- ONTAP 9
- 自动无中断升级(ANDU)

### 问题描述

映像验证失败、如下所示：

```
::> cluster image validate -version <image name>  
It can take several minutes to complete validation...  
It can take several minutes to complete validation...
```

Error: show failed: Both primary and backup images should be available for validation. One or both of them are not available
