适用场景

- ONTAP 9
- ONTAP System Manager
- MetroCluster
- SVM 证书

问题描述

- 在续订证书并删除之前的证书后、目标SVM上没有证书

```
Cluster::> metrocluster vserver show -vserver <vserver1>
```

```
Cluster: XXXX
```

```
Partner
```

```
Configuration
```

```
Vserver
```

```
Vserver
```

```
State
```

```
-----  
<vserver1>          <vserver1>-mc          healthy
```

- 目标:

```
Cluster::> security certificate show -fields vserver,common-  
name,serial,ca,type,expiration -type server  
-vserver <vserver1>-mc
```
